

What is Friendship House?

Friendship House is a centre for community life, education and social services set in the heart of Manukau. We provide a safe place where individuals, families and whanau can find a welcome and, if needed, assistance to meet life's challenges.

As a community resource and place for change, our work is dedicated to empowering and encouraging people to take charge of their own lives within the context of their own culture, values and aspirations.

At Friendship House we are committed to:

- ✓ Meeting individual, family and community needs
- ✓ Challenging injustice
- ✓ Creating a healthy, peaceful community
- ✓ Ensuring everyone has access to the services they need

At a free initial appointment we will discuss with you the cost of any on-going services you require. Any service charges will be based on our affordable sliding scale and your personal circumstances.

"You could feel the warmth as soon as you walked in the door – just the ambience of the place made you feel automatically welcome"
